

# Pony Club Rally

## Woodlands Equestrian Centre

Saturday 28<sup>th</sup> January 2017

10.30 am start with 2 hours riding

### C and C+ Rally with Aoife Mc Sweeney

in big indoor arena.

This is an official B training session with focus on dressage.

Must have minimum C test to attend.

### D and D+ Rally with Katie McKeon

in indoor warm-up arena.

Traditional rally with a mix of flat work and jumping.

Open to all members up to and including D+

If we have large numbers, we will split the groups and start at 10 am and run 1.5 hour rallies instead.

**Cost for the day €15.00**

**You must have renewed your membership to take part!!!**

**You can renew online from the home page of our website and pay online too. Otherwise membership forms and payments will be taken on the day but come early to facilitate this please!**

To book for this rally please use our new online facility

<https://www.itsplainsailing.com/club/tkpc>

You will then have the option to:

- book and pay online
- or book online and pay on the day.

For any information contact Una on 0872755431 or Gaelle on 0871176807

### 1pm - Master Saddler Demonstration

Learn about tack fitting and its importance as well as how to care for your tack with

**Alan Ward from Saoirse Saddlery** <https://www.saoirsesaddlery.ie/>

***The demo is open to all – parents and those who are not members of Pony Club are most welcome free admission***

However, a charitable donation to the Stella Mc Grath fund would be greatly appreciated on the day.

<http://www.carberyponyclub.com/home/flyer-jump-for-stella/>

Alan will be available to carry personal saddle assessments (cost €49) by appointment, before and after the demo.

Alan offers a full service of repairs and reflocking to improve the fit of any saddle. (price list available from PC). Book with Gaelle on 0871176807 to make an appointment to see Alan.

*A poorly fitted saddle will at the very least, impair the horse's way of going and at worst injure his back and create all kinds of resistance. We encourage you all to attend. This is not about getting you to spend money on buying new expensive tack but to help you understand the importance of correct fitting and the huge impact small adjustments can make.*
